

Millar Cameron is a specialist recruitment consultancy working in international markets with an impressive client base. We are helping a Pan-European Real Estate developer find a Facilities Manager for a new 100,000 sqm office space in Budapest, Hungary.

Responsibilities:

- Work with Leasing Manager and tenants for space requirements and refit projects to fit tenant requirements.
- Excellent stakeholder management skills to work with multiple tenants both international and national business.
- Manage on site contractors across soft and hard services.
- Manage budget and look for cost savings and efficient services.
- Accountable to delivery of exceptional facility management.

Skills and Experience:

- Ideally five years of experience in Facility Management
- Ideally experience of office fit-out/refit/refurbishment projects
- Experience of multiple stakeholder management.
